

Sound Waste Management in response to the Pandemic of COVID-19

-Country and regional reports and the joint statement from Asia and the Pacific-

Sep 18th (Fri) 10:00 – 12:00 (Japanese time) Online (Zoom & YouTube)

COVID-19 have a major impact on the lives of people around the world. The field of Material Cycles and Waste Management is no exception, and various effects have been already reported, i. e. potentially infectious matter of waste, unfounded rumors on waste handlers, waste generation change due to new normal. Though some of them are common and some are unique to each country/region, there are many that require quick response, and it is urgent to share and exchange scientific and policy knowledge. Therefore, at this symposium, we will make a “declaration” for future cooperation following the latest commitment by international organizations and the preliminary reports from each country and region from Asia and the Pacific.

Chair : Prof. Shin-ichi Sakai, Kyoto University, JSMCWM (Japan)

Lecture

Waste Management during the COVID-19 Pandemic: from response to recovery

Kazunobu Onogawa,
IGES Centre Collaborating with UNEP on Environmental Technologies (CCET) Director
Misato Dilley,
UNEP International Environmental Technology Centre / Associate Expert,

Country and regional reports

Nepal / Dr. Nawa Raj Khatiwada,
Nepal Development Research Institute (NDRI)

Thailand / Ms. Sitang Kongkratoke Lecturer at School of Health Science & Circular Economy for Waste-free Thailand (CEWT) Research Center, Mae Fah Luang University

Pacific, PNG / Prof. Frank K. Griffin, University of Papua New Guinea
Mr. Anthony Talouli, Acting Director, SPREP Waste Management and Pollution Control

China / Prof. Pinjing He, Tongji University

Korea / Dr. Daegi Kim, KSWM, Daegu University

Japan / Prof. Masaki Takaoka,
JSMCWM, Kyoto University

Draft of Joint Statement
Prof. Reiko Sodeno, Shibaura Institute of Technology
Discussion, Signing Ceremony and closing,
Co-organizer / National Institute for Environmental Studies, Japan
