

Call for Papers: Special issue of the 10th 3RINCs2024

Dear participants of the 10th 3R International Scientific Conference on Material Cycles and Waste Management (3RINCs) 2024

We are pleased to invite you to submit a manuscript for Special Issue of Journal of Material Cycles and Waste Management (JMCWM) on the 10th 3R International Scientific Conference on Material Cycles and Waste Management (3RINCs) 2024. The first issue of our journal, JMCWM was published at the end of October 1999, and the latest issue, Vol.26, No.2 has been published in Mar. 2024. At the beginning, we started to publish biannual English journal, and from Vol.22 it became bimonthly. In 2022 JMCWM was obtained Impact Factor of 3.1. The 10th 3RINCs Special Issue welcomes submission of original articles from 1) General sessions and 2) Special sessions.

- 1) Papers from General Sessions: We welcome original papers from those who submit their abstracts and paid registration fees for presentation at 10th 3RINCs. We especially welcome submission by conference participants who are recommended to submit their manuscripts for the special issue by their session chairs.
- 2) Articles from Special Sessions: 10th 3RINCs have ten special sessions. We welcome paper submission by the presenters and relevant members. We expect session organizers and chairs to select articles in line with the objective of each session theme. Some sessions are suited to collect various types of articles while some sessions are appropriate to choose one or two papers describing the general overview and/or comprehensive insights of the session topics. Session organizers and chairs can invite them regardless of their participation if only they make big contributions to research findings related to session themes.

All manuscripts for the 10th 3RINCs 2024 special issue of JMCWM will be subject to follow standard rules and review process for peer reviewed papers; including the review of each manuscript by at least two international experts. The deadline for paper submission is May 31, 2024. The accepted papers will be published at the end of March or May, 2025 (Volume 27). There will be no page charge for authors in the 10th 3RINCs 2024 special issue of JMCWM. Authors who choose to publish open access in JMCWM are required to pay an article-processing charge (APC). The APC for all published articles is as follows, subject to VAT or local taxes where applicable: £2190.00/\$3090.00/€2490.00. Open access papers will be available to all readers under the free of charge. Instruction for Authors is available at JMCWM site on Springer

Link. You find the other information for submitting and publication.
