

CALL FOR PAPERS

The 34th Annual Conference of JSMCWM

September 11th-13th, 2023 / Osaka

Due to the situation of COVID-19, the details may be changed. The latest information will be announced on below website:

<https://jsmcwm.or.jp/international/>

Introduction:

Japan Society of Material Cycles and Waste Management (JSMCWM), which was established in Japan in 1990, is a general incorporated association that aims to organize Japanese professionals who are experienced in the various fields of waste management. JSMCWM holds a research conference annually for its members to present research papers (in Japanese). An international session (in English) also has been held as part of the annual conference since 1997 in cooperation with the Korea Society of Waste Management (KSWM) based on the agreement between the two societies.

In order to provide opportunities for overseas researchers as well as non-Japanese-speaking researchers from inside and outside Japan to present their research papers and exchange information, presentation in English is welcomed. Each year we have 30-40 papers in English and they are presented and discussed comprehensively. The primary author must be a member of JSMCWM or KSWM.

We look forward to receiving your paper submissions.

Date:

September 11th-13th, 2023

Presentation:

Only on-site presentations will be accepted. To provide more opportunities to exchange information between the researchers in the relevant field, we do not hold "International Session" independently this year; rather English presentations will be arranged within the entire program depending on the themes. All presentations will be made in either Japanese or English in all sessions.

Two types of presentation are accepted.

1. Onsite oral presentation: 10 minutes presentation + 5 minutes discussion (Tentative)

2. Onsite poster presentation: Poster display followed by presentation and discussion during the designated time (60 minutes) (Tentative)

Paper Preparation and Submission:

Papers must be 2 pages.

Application form and paper should be submitted online from May 8th to June 16th, 2023*.

*Applications received after the deadline cannot be accepted.

Guidance of paper preparation and details of online submission will be announced on below website:

<https://jsmcwm.or.jp/international/>
